

The City of Bluefield Board of Directors is in need of the experience and vast knowledge of its civic-minded citizens. If you have wanted to be a voice for the city and help guide its growth and future, serving on a city board or commission is one of the most effective ways to participate in your local government. These groups provide guidance and recommendations regarding policy, service, and education to the governing board.

The City Board of Directors appoints citizens to various boards, commissions, and authorities. Three of these -- Sanitary Board, Housing Authority and Library Board-- have full time staffs in addition to appointed members.
